SKILLS

-  Flutter | dart
-  Java
-  python
-  Fastapi , Firebase
-  PostgreSQL, SQLAlchemy

EDUCATION

Software Engineering

3rd year software engineering student at ASTU.

ABOUT ME

I am a Flutter Developer with a strong foundation in Dart, Java, and Python. I possess solid problem-solving skills and specialize in building responsive and dynamic mobile applications. Passionate about continuous learning, I actively explore new technologies and thrive in collaborative environments where I can contribute, gain experience, and further sharpen my expertise

EXPERIENCE

• Mobile App Developer

May - Aug 2025

At Efuye Gela (Internship)

Developed a full course teaching app and debuged 6 apps to fix package depreciation issues.

• Flutter Developer

July - Oct 2025

Kuraz (Internship)

Collaborated with a team to develop an Android app from an existing website, enhancing accessibility and user experience.

PROJECT

• FitLife

App for gym workout tracking with 2000+ exercises.

• Artify

This is a wallpaper app i made with features to search, download and set as wallpaper.

• KindBridge

A mobile app that connects donors with NGOs, enabling seamless donation offers, acceptance, and tracking.

• Greenpill

A mobile app that delivers Greenpill project courses and learning resources to subscribers.
